Why you Should Attend?

Human Resources are the resource that resides in the knowledge, skills, and motivation of people. It is a department that is in-charge of handling with finding, screening, recruiting and training job applicants, as well as administering employee-benefit programs. Human Resources department are primarily focused on maximizing employee productivity and protecting the company from any issues that may arise from the workforce.

The focus on HRM is now moved to the strategic utilisation of employees and the measurable impact of employee programs over business. Nowadays successful companies need to be adaptive, resilient, quick to change direction and customer-centred. Within such an environment the effectiveness of HRM is crucial to business success. HR professionals establish systems for performance development, career succession planning and employee development.

In this workshop, you will be exposed on organizational development and the changes inside. Further to that, the discussions will be helpful in understanding the theory of team building and evolving roles of Human Resources Management.
