

Inventory Management Excellence

Manage your inventory as an investment

16th - 17th November 2017
Kuala Lumpur, Malaysia

Free Takeaway

Participants will receive a participant's manual with copies of PowerPoint slides and supporting notes, copies of all worksheets and group activities and photographic copies of any relevant flipchart or whiteboard notes and a customised 'toolbox' by the facilitator.

Major Benefits of Attending:

- **UNDERSTANDING** modern concepts of inventory
- **MASTERING** the optimal level of inventory to hold
- **RECOGNIZE** where inventory is needed in your own business
- **IDENTIFY** where inventory reductions can be made without impacting company operations
- **CALCULATE** statistical safety stocks to optimize production

Why you Should Attend?

Businesses need some inventory but the optimal level eludes many of those tasked with trying to manage inventory. Drawing on 30 years experience in a variety of industries as well as industry recognized standards, this course gives inventory managers the ability to understand the need for inventory as well as powerful drivers to optimal levels for increased financial performance.
