Why you Should Attend?

Disruptive Intelligence 'A Change Management Story' is all about **working with what you have**; Top-to-Bottom and Bottom-to-Top, this gives the Board Of Directors, Compliance Departments, Legal, IT and Human Resource less 'Spot Fires' to extinguish as the Staff & Management maintain a steady foot-hold as they travel together through the implemented Changes.

The Disruptive Intelligence Workshop will deal with the very beginning of the KRAs (Key Result Areas) set forth by B.O.D and CEO-Chairman, COO, CIO, CFO, and Legal & Compliance officers Down through the KPIs set forth in HR to the JDs for each employee, instituted by Management.

This workshop will also look deeply into the Vision & Mission of your organisation, so as to understand and instil the values and moral compass needed to move the organisation forward and through the changes without forgetting the personalities of each employee through interaction of every department and the changes needed for effective Policy & Procedural uptake
