By end of this course, delegates would be able to:

- **PREVENT** workplace injuries before they happen
- **IMPROVE** and **REMAIN** in compliance with laws and regulations
- **REDUCE** costs, including workers' compensation, overtimes, safety insurance premiums
- **ENGAGE** the workforce with a "Safety First" environment
- **EDUCATE** all personnel in safety "Best Practices"
- **ENHANCE** safety awareness and responsibility of the "Brother's Keeper" concept
- **INCREASE** productivity and enhance overall business operations

Why you Should Attend?

If you have employees in your business, you need to know about OSHA, and are required to keep their work environment safe. To comply with OSHA requirements, employers must take a number of specific actions. These, can be done theoretically, but what would be the best education are the best practices itself. It is understood, generally, that one learns best by looking into others' mistakes, failures, damages, lessons and success.

In this 2 day course, delegates would not only learn the theoretical information on OSHA, but would also be able to expand their knowledge by learning the do's, don't, how's, why's and why not's through best practices shared by the trainer.

Who Should Attend?

This course is specifically designed for:

- ✓ Safety Managers
- ✓ Safety Specialists
- ✓ Risk Managers
- ✓ Supervisors
- ✓ Facility Managers
- ✓ Emergency Managers
- ✓ Safety and Security Personnel
- ✓ Law Enforcement Agencies
- ✓ Medical Services
- ✓ Architects

And others who wish to improve their skills and competencies in order to be able to assume their safety responsibilities and effectively carry out their tasks safely in their organizations.
