Why you Should Attend?

Reduced training budgets need not imply reduced organizational training. In fact, in challenging times like these, skilling and re-skilling of the workforce is critical. Laytime and Demurrage are perhaps the two most litigious aspects of chartering vessels and has been the subject of numerous disputes over the years. This training programme is uniquely designed to focus on the complexities of Laytime and Demurrage, gaining practical expertise and knowledge to understand and analyse contractual issues and post-fixture strategies. Delegates will have the opportunity to gain precious insight and first-hand knowledge from our expert. This highly interactive training program will cover the topics of Laytime & Demurrage starting from refreshing the basics to advanced level including commencement and calculation of Laytime, exceptions and interruptions, calculation of Demurrage and issues with any claims. The emphasis is on sound commercial practice and practical decision making, drawing on the working knowledge and experience of the course presenters. The course includes case studies and workshops which are designed to ensure participants maximum use of the knowledge gained.
