

Procurement Audit

Gain increased value from your suppliers throughout the deal life cycle

3rd - 4th July 2019
Fairmont Dubai, United Arab Emirates

Major Benefits Of Attending:

- **IDENTIFICATION** of the need to audit suppliers
- **UNDERSTANDING** how to audit new and incumbent suppliers
- **IMPROVE** the value delivered to the business from the supply base
- **UNDERSTANDING** how to manage underperforming suppliers
- **IDENTIFICATION** of potential suppliers
- **Ensure** compliance of suppliers to local and global legislation
- **Understand** risk in the supply chain

Why you Should Attend?

Reduce the commercial and reputational risk to your business. Identify and select the most appropriate suppliers for your business. Identify and minimize risk in your supply chain. Learn to audit suppliers. Understand the benefits of regular supplier performance management. Identify and develop remediation plans. Develop strategies to reinforce positive supplier performance.

By the end of this course, you will understand:

- ✓ The fundamentals of supply chain management
- ✓ How to reduce risk and cost in the supply chain
- ✓ Contracting risks and how to mitigate them
- ✓ How to ensure contractors and sub-contractors deliver what is required in the contract
- ✓ How to fight fraud
- ✓ How to select, manage and condition suppliers
- ✓ The respective roles of the Procurement organisation and Internal Audit
- ✓ What first class procurement looks like
- ✓ What are the most effective financial and procurement performance indicators
- ✓ Which procurement procedures are the most effective at ensuring probity and taking out fraud
- ✓ The role of Internal Audit.

And you will have a template for creating a plan to remedy any problems and create improvement.
