

# Plan How You Should Response During Emergency

**By failing to prepare, you are preparing to fail**

18th – 19th July 2019 | Singapore  
(2 nights Free accommodation at Singapore Hotel)

21st – 22nd July 2019 | Fairmont Dubai, United Arab Emirates

## Major Benefits of Attending

Delegates are required to bring their Laptop for Exercise and Presentation Purposes

At the end of the course, the delegates will be able to:

- **UNDERSTAND** the changing nature of emergencies
- **INCORPORATE** social media into your emergency preparedness
- **BUILD** an emergency response plan for your organization
- **IDENTIFY** the most likely risks to your organization
- **DEVELOP** appropriate strategies for Emergency Response
- **DETERMINE** employees' roles in emergency response
- **MANAGE** your reputation before, during and after an emergency
- **BE PREPARED** to make your organization more resilient

## Why You Should Attend?

Emergencies are unpredictable but not unexpected. Every organization and individual is likely to be faced with an emergency at some point. Identifying potential risks and planning your emergency response are critical to minimizing risks and reducing the impact and successfully moving forward.

This 2 day workshop will ensure that you have the required tools to prepare your company for a worst-case scenario and able to develop your own emergency response plan for your company. Also, this workshop allows you to be involved in group work, presentation, closing discussion, debate session and Q&A session which will provide you with the skills and expertise to respond effectively in the event of an emergency.
