Learn Techniques and Tools to Develop Effective Leadership Skills

5th - 6th August 2024

6th - 7th November 2024

Kuala Lumpur (In-Person) / Online Training

Major Benefits of Attending

After attending this leadership training, you will learn to transform from fixed to growth mindset

Fixed Mindset		Growth Mindset
Less challenging spirit		Go the extra mile – make a new goal for every goal accomplished because growth-minded people know how to constantly create new goals to keep themselves stimulated, passionate and had a greater sense of purpose.
Less willingness to learn more		Emphasis growth over speed – learning fast isn't the same as learning well, and learning well sometimes requires allowing time for mistakes.
Lack of positive attitude		Take ownership over your attitude – begin to forge in yourself the kinds of characteristics that tend to seek solutions as well as embody a trustworthy and positive mental attitude.
